

SCRUBTEC 233 – WHY COMPROMISE

A compact partner for everyday cleaning

Nilfisk ALTO

Why Compromise

The practical answer for smaller area cleaning

Wouldn't it be nice to be able to utilise the cleaning efficiency and productivity of a scrubber/dryer in smaller spaces?

Well now you can, thanks to the SCRUBTEC 233, the latest addition to the Nilfisk-ALTO portfolio of valueadding floor cleaning equipment.

The SCRUBTEC 233 is the smallest unit in the range. However, despite its compact profile – 46 cm high, 39 cm wide and 66 cm long – the SCRUBTEC 233 offers the highest brush pressure within its class, enabling excellent cleaning performance.

Designed to scrub and dry floors in congested and space-restricted areas, this unit is intended for use in small supermarkets, kitchens, canteens, offices and educational buildings health care facilities, sport centers and anywhere that normally can only be cleaned by a single-disc machine and vacuum cleaner.

The SCRUBTEC 233 features spring-activated dual brushes/pads with a floor pressure of up to 18 kg to ensure cleaning efficiency. Furthermore double squeegees enable vacuuming and scrubbing whilst moving in either direction, backwards or forwards. The machine weighs just 22 kg and can easily be transported from one job site to another.

The productivity rate is said to be outstanding!.

For use in:

- Small supermarkets
- Kitchens and Canteens
- Office and Educational buildings
- Health care facilities
- Sport centers

• Ergonomic adjustable and foldable handle for easy operation, transportation and storage

• Rugged real two tank system, can easily be removed for filling and emptyings

• The rugged roto-molded tanks are very robust and chemical resistant

• 10/11 litre tank capacity allows up to 275 m² of cleaning from one tank load

• Large wheels for easy transport e.g. on stairs

• Dual squeegees allows effective drying in either forward or reverse mode

SCRUBTEC 233

TECHNICAL DATA	SCRUBTEC 233
Cleaning width (mm)	330
Squeegee width (mm)	385
Brush size (mm)	2x165
Theoretical surface performance (m ² /h)	1320
Tank capacity solution / recovery (l)	10/11
Power source (V/Hz)	220/240-50/60
Brush motor, watt	100
Brush speed (RPM)	200
Vacuum motor power (W)	450
El cable (m)	15
Dimensions, LxWxH (mm)	665x390x460
Weight (kg)	22
STANDARD EQUIPMENT	
2 x brushes	●
2 x squeegees	●
ITEM NO.	9087235020

Nilfisk-ALTO is a division of Nilfisk-Advance A/S which is one of the leading professional cleaning equipment companies with a turnover on Euro 780 million and 5000 employees.
